---

Programmable LED Daytime Running Lights

---

Anti-theft alarm system

---

BMW Assist eCall™ includes Emergency Request (SOS button) and Enhanced Automatic Collision Notification

---

BMW Remote Services includes Stolen Vehicle Recovery, Remote Door Unlock and My BMW Remote app

---

04.2

Warranty

Complete coverage and peace of mind.

BMW Ultimate Care (for complete details, visit <a href="#">click here</a> )	4-year/50,000-mile New Vehicle Limited Warranty for Passenger Cars and Light Trucks 2021 Models (valid only in the USA including Puerto Rico)
12-year Unlimited Mileage Rust Perforation Limited Warranty	4-year Unlimited Mileage Roadside Assistance Program

1-Run-flat tires do not come equipped with a spare wheel and tire. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Performance tires are not recommended for driving in ice and snow conditions.

2-Cruise control is not a substitute for the driver's own responsibility in adjusting speed and otherwise controlling the vehicle. After evaluating the road, traffic and

visibility conditions, the driver must decide whether and how the system is to be used.

3-Active Driving Assistant is not a substitute for the driver's own responsibility in maintaining safe control of the vehicle. Lane Departure Warning requires clearly definable lane markings that are not obscured by rain, snow, etc.

2021 X4 M40i Sports Activity Coupe
